SUMMARY

Looking to transition from Sales Consultant to a Ruby on Rails Developer. Graduate of General Assembly WDI Full Immersive Course, I learned several Programming Languages used for Full-Stack Web Development. It enables me to be creative and constantly grow my learning capabilities. I am looking for an opportunity to further my skill in an environment that fosters and encourages learning through development, problem solving and creativity.

DEVELOPMENT AND WORK EXPERIENCE

PHOTOGRAM | fast-depths-9778.herokuapp.com
